**May 2002**

## **Survey Base for Strata Plans Change of LPI practice from 1 June 2002**

The current policy regarding the requirements for base plans in strata schemes is to be discontinued.

**Strata Plans prepared after 31 May 2002 must be based on a plan of survey that is connected to survey control.**

The policy change is a result of representation by the surveying industry and is being implemented following extensive liaison with surveyor groups.

The current policy as set out in LPI Information Bulletin No 45 will be withdrawn from 1 June 2002. Details in regard to the revised practice will appear in the Registrar General's Directions for Plans, Volume 2. To access the revised policy from 1 June 2002, go to the LPI website, [www.lpi.nsw.gov.au/publications/rgdirections/v2\\_chapter\\_06.html](http://www.lpi.nsw.gov.au/publications/rgdirections/v2_chapter_06.html) and select chapter 6.3 Survey base.

Inquiries may be directed to Mark Deal, Manager Strata Plan Section, Titling and Plan Services.

Telephone: (02) 9228 6832 email: [mark.deal@ditm.nsw.gov.au](mailto:mark.deal@ditm.nsw.gov.au)
