January 2015

Property Information Inquiry Service changes

From Wednesday 1 July 2015, LPI's Property Information Inquiry Service (PIIS) will cease operations. PIIS has operated for over 25 years as a centralised service enabling customers to make property information inquiries relating to other government agencies and utilities as part of the conveyancing process. However, with many of LPI's authorised Information Brokers now offering similar services there is no longer a need for LPI to continue to do so.

If you use PIIS for property inquiries and are looking for an alternative provider, Information Broker contact details are available on the LPI website at www.lpi.nsw.gov.au/land_titles/online_information/information_brokers.

LPI will continue to accept PIIS applications received up until 2.00 pm, Tuesday 30 June 2015. After this date, all applications will be returned to the customer. LPI thanks PIIS customers for their patronage over the years.

Enquiries

Enquiries may be made by email to Libby Abraham, Senior Business Manager, Wholesale Client Services on libby.abraham@lpi.nsw.gov.au.
